

HJAVS - Getting plants ready for Show 2009

SALE PLANTS

20% to club

use plain white business cards or similar stock for tags
pics provided

On front, plant name and/or description and price

On back, your exhibitor number and initials

Put card on pic and in plant, if possible, before bring in
(less confusion once get to show)

Make sure you charge extra for anything that will go with plant
(rings, reservoirs, baskets, etc)

LEAVES

20% to club

Best to let public know what plant will look like:

Either use First Class computer program, picture
or hand written labels (see attached).

Put Exhibitor Number on all

SHOW PLANTS

- 20% to club
- name of plant, your initials and Exhibitor Number on pot
- water plant well at home (very dry air at the Show)
- shot of Super thrive may help plant thru stress
- cloth table covers, so pots must be clean and dry on the bottom!
- slip pot most plants (hanging baskets with saucer an exception)
- minis all on clear reservoirs (dry out too fast otherwise)
if too big to fit in one, water well and slip pot.
- can leave ring on (price accordingly)
- can have different colored pots but neutral
- can prop up gesneriads if done tastefully
- shorter pics on mini's name tags
- Selling Show plants

We will make 2 name tags on computer for each Show plant

One name tag is given to buyer as receipt.

Sale is recorded on remaining name tag (that shows it is SOLD)
as well as in the show book with buyer phone number.

This is important!!!! Keeps us from selling plant twice!

Also gives us a way to contact them if they forget to pick up.

Get list of Show plants

to Carol H no later than Sunday May 3, 2009

List sending to Carol H should include:

Name of plant (if known)

Sale price (or indicate if NOT for sale)

Type of plant and size

Standard, semi-miniature, miniature

Regular violet, trailer or other Gesneriad

If show plant sells, it SHOULD STAY until Sun at 2pm,
they need to comeback to pick it up then or make other arrangements.
Meeting is following weekend.
